Dear colleagues,

The 32nd Annual CSAVA Conference will once again be an extraordinary educational and social event for veterinarians from the Czech Republic and neighboring countries. In two days, top speakers will be presented in five parallel streams. Among the world-renowned names, we will have the opportunity to see and hear Jo Murrell, Simon Wheeler, and Greg Ogilvie, to name a few. However looking at the programme it is obvious that it will not be easy to decide which hall to visit. There is no need to worry, as the presentations will be recorded and made available to participants for later viewing.

Jo
Murrell
Analgesia

Simon Wheeler
PETEXPERT
Neurology

Gregory
Ogilvie
Oncology

The conference will take place in the representative premises of the Prague Congress Center and, as usual, will be decorated with formal and informal social occasions, workshops and a rich commercial exhibition in the backdrop of the centenary of Prague.
